### Survey

Dear CES Community,

As part of the work we are doing for the Council of International Schools (CIS) accreditation process, we have recently been looking at our school philosophy and mission statements. As required by CIS, we evaluated our existing philosophy and mission statements and have drafted new ones.

Cairo English School's Mission Statement, Philosophy and Beliefs will guide us in all of the work we do. Our staff have spent a lot of time working collaboratively to produce the statements you are about to see.

We would now like your opinions on these statements. We want to know if you understand them, if you agree with them and the extent to which you will support our school in achieving them.

Your opinion is vital in helping us to ratify these important statements and the survey results will show us whether we can apply these statements now or if we have further work to do on them.

Please click the following link or paste it into your web browser:  
[www.surveymonkey.com/s/ZGS7F9Q](http://www.surveymonkey.com/s/ZGS7F9Q).

Thank you for taking the time to complete this survey.

Yours sincerely,

Debbie Jones
