### Literacy

This week we have shared the story, *Goldilocks and the Three Bears*. We discussed the setting and characters and made predictions about what would happen next. When Goldilocks went missing from our classrooms, we made 'missing' posters to help find her and sorry cards to help her apologise for her mistakes.

In **Phonics**, we are learning the sounds **s**, **a**, **t**, and **p** and the tricky words **I** and **the**.

### Maths

This week in Maths we have been learning how to match quantities to numerals and how to count up to 6 from a large set of resources. Also, we have taken a look at the concept of estimation.

The children have been given sets of up to six manipulatives and asked to guess how many there are without counting. Lastly, the children have matched spoken to written numbers up to 10, orally.

### Topic

This week, we have started our first topic of the year, **'I'll be there for you!'** The children loved telling us all about their family members and the activities that they enjoy doing together as a family.

### Family Photo Request

To go with our learning about families we would like to request that you email your class teacher only **one** photo of your family doing something that you enjoy together. This could be at a wedding, on vacation, at a celebration or event.

This is not in lieu of snack so please make sure that your child has enough food for lunch and snack.

FS children **are not** permitted to purchase anything from the canteen. Please do not send money in with your child.
